PROFESSIONAL SUMMARY

Final-year B.Tech student specializing in Cyber Security with a strong interest in UI/UX design and product development. Experienced in user research, wireframing, prototyping, and building digital products using Figma, HTML, CSS, and AI-assisted development tools. Passionate about creating intuitive user experiences and solving real-world problems through design.

SKILLS

Languages : C, Python
Frontend : HTML, CSS
Design : Figma, User Research, Wireframing, Prototyping
AI & Productivity : Lovable, Claude Code, Anti Gravity, ChatGPT
Database : MySQL, Supabase
Soft Skills : Analytical Thinking, Time Management, Humor & Rapport-building

PROJECTS

Grocery Shopping App – Mobile UX Prototype — Aug. 2025

- Designed a working prototype for a grocery shopping app covering end-to-end user flows from browsing to order confirmation
- Conducted user research to inform design decisions and validate usability assumptions
- Applied established mobile UX and usability principles to structure intuitive navigation and interactions
- Optimized information architecture and visual hierarchy to improve product discoverability and reduce friction
- **Tech stack**: Figma, User Research, Prototyping

Secure Online Examination System – Full-Stack Web Development Project — Jul. 2026

- Developed a secure web-based examination platform enabling exam creation, online assessments, and automated evaluation
- Implemented role-based access control to manage permissions across administrators, instructors, and students
- Integrated AI-assisted face verification and suspicious activity monitoring to enhance examination integrity
- Built browser security features and performance analytics for a seamless, tamper-resistant experience
- **Tech stack**: HTML, CSS, Python, MySQL

EDUCATION

Avanthi's Research & Technological Academy — Expected Jun 2027
B. Tech. in Computer Science (Cyber Security), CGPA: 7.9 — Andhra Pradesh, India

PROFESSIONAL CERTIFICATIONS

Fundamentals of UI/UX | Microsoft — *May 2025*
Designing for User Experience | Microsoft — *Jun 2025*
User Interface Design and Prototyping | Microsoft — *Jul 2025*
UX Design in Practice: Accessibility and Collaboration | Microsoft — *Aug 2025*

ADDITIONAL CERTIFICATES

Learning Python | Infosys Springboard — *Jan 2026*
Artificial Intelligence & ChatGPT for Cyber Security | Udemy — *Jan 2026*
Quantum Fundamentals | Qubitech — *Feb 2026*
Generative AI Mastermind | Outskill — *Jun 2026*

ACHIEVEMENTS

- **Top 10% Global Ranking – Lovable**: Secured a position within the top 10% of global users by building applications using conversational AI-driven development tools on the platform
- **Published a UX case study** as part of Microsoft UX Design Certification: designed a grocery shopping app through wireframing and prototyping, then published the process as a UX case study
- **Outstanding Capstone Project – UX Design**: recognized for outstanding performance on a capstone UX design project, demonstrating strong research, wireframing, and prototyping skills applied to a real-world problem
